

ANALOGUE to DMX MERGER Converter

Lighting Management, Power Supplies & Controllers

- Converts nine analogue signal inputs (0/10VDC) into the digital DMX-512 signal
- Ideal for installations with Instabus (KNX/EIB) protocols

Designed & Manufactured
by ELECTRON SA

Code	Model	Analogue Inputs	Analogue Inputs Voltage	Input Impedance	DMX-512/1990 Input	DMX-512/1990 Output	Merge of Analogue & Digital Input Data	Supply Voltage	Power Consumption
DEM.001	A102DM	9	0/+10VDC	50K Ω (min.)	YES	YES	YES	12-24VDC	0.7W

Envir. Temperature: -5°C to 40°C
