**Safety Rules (Attention):**
- Do not install the LED Downlights near flammable liquid, materials, or surfaces.
- Do not subject the LED Downlights to excess weight.
- Avoid looking directly into the LED light beam at close range.
- Clean, when needed, the front transparent cover with a dry cloth. Remove any dirt only with water and alcohol-free cleaning products.
- Operation in general ambient temperature up to 35℃.
- ELECTRON S.A. is not responsible for any damage or injury caused by incorrect or improper use of the product.
Safety Rules (Attention):
- Before installation or maintenance, make sure electricity is switched off at the mains.
- Install and operate in places where there is sufficient airflow to keep the module to acceptable temperature levels.
- Cut correct size hole in ceiling given the dimensions below.
- Make sure the correct driver is used.
- Make sure the driver lies adjacent to the fitting.
- Installation only by a qualified electrician.
