#### How to place FORMA FLEX luminaires in other position

- 1 Unscrew upper part from Forma Flex Luminaire
- 2 Place to your desire position
- 3 Screw upper part back on the Forma Flex Luminaire

Warning:

Do not slide for any reason the Forma Flex Luminaires along the track.

To adjust the position of the luminaire you need to **first take out** the luminaire of the track **and then relocate** it to the new position on the track. Noncompliance with the above may permanently damage the luminaire.
